Comments:

The proposed single tax lot annexation (AN 16-0002) is located north of S Parish Rd and west of S Central Point Rd.

The following is CRW's general concerns and comments:

- CRW request that the lot not be withdrawn from the CRW Service Boundary.
- It is recommended that the property continue to be served by the existing well or if the applicant requests a domestic water service connection the City of Oregon City with domestic water service.

CRW has no objections to this application, however these comments are introductory and may change based on the preliminary/final design.

For further information regarding application please contact Betty Johnson, 503-723-2571.
