Date: Wednesday, January 15, 2020

Project: ODOT | K19786 I-205: I-5 – OR 213

To: Don Robertson, City of Oregon City – Interim Community Services Director

From: Brian Bauman, HDR – Environmental Lead

Subject: Parks and Recreation Advisory Committee Meeting

Dear Don,

Thank you for providing the I-205 Widening and Seismic Improvement Project team the opportunity to discuss project elements with the Parks and Recreation Advisory Committee at the upcoming meeting on January 23, 2020.

ODOT has proposed utilizing a portion of the Jon Storm Park immediately adjacent to the Abernethy Bridge during the seismic upgrade and widening of the Abernethy Bridge. In accordance with the voter-approved Ballot Measure 3-539, ODOT is proposing to develop of additional parking for park users located to the north of Clackamette Drive, directly across from Jon Storm Park. The intent is to construct these new parking spaces prior to the contractor actively utilizing Jon Storm Park and then to leave them in place for use post-construction.

ODOT would appreciate the opportunity to present the proposed park users parking to the Committee and answer any questions the Committee may have regarding the proposed parking or the project. ODOT is seeking comments/suggestions from the Committee and concurrence to proceed with the proposed design.

Thank you.

Brian Bauman
