Hi Kelly,

This still meets the requirements for CLG.

Take care, Kuri

Subject: Oregon City code clean up of Historic Overlay Chapter

Hi Kuri,

You recently reviewed our proposed HRB policy changes. As we were finalizing these, we realized that our code contains some conflicting provisions for review procedures regarding the HRB policies. We have submitted a PAPA to DLCD already to amend the code to remove the conflicting code language, but I also wanted to directly share this with you in case you wanted to comment on it.

The first hearing is scheduled for July 22.

Thanks!
