**Date:** Wednesday, November 6, 2019 1:12:53 PM

---

John and Vance,

Please see the responses from Fire and Police:

**FIRE**

- Hi Kim,

Thank you for the conversation this morning regarding the installation of a speed bump in one of Oregon City's neighborhoods. As I mentioned, our primary focus as it relates to response is the ability to quickly access the homes in that neighborhood. So long as the speed humps do not impact our ability to access the area and are reviewed by the your committee we do not have a concern.

If you have any other questions please let me know.

Brandon Paxton

**POLICE**

- Kim,

I have an e-mail out to the two traffic guys to see if they had any enforcement stats or observations from sitting up there. I spoke with Jim and we don't have any concerns for the hump.

Shaun
