Re: Oregon City Garbage  
Rate Adjustment

Dear Mayor Holladay,

We are honored to have provided solid waste services to the City of Oregon City for many years and look forward to providing services in the years ahead. Our service goal has been and will continue to be, to provide the highest level and efficient collection service available in the industry. We have automated lift collection vehicles and provide trash, recycling and yard debris residential collection; trash and recycling commercial collection; and drop box service. Being headquartered here in Oregon City and with many of our employees living in the city we take pride in working with the city to see the parks, cemeteries, vacant lots, etc. looking presentable.

Clackamas County reviews the financial results of each franchisee in the County. They contract with an outside consulting group specializing in solid waste financial analysis to perform an analysis of the data submitted. Expenses are adjusted to eliminate costs that are allowed for tax purposes, but not allowed for determining collection fees. The County's policy is to measure the health of the solid waste collection system within a range of 8-12% return on revenues. For 2017 the county collection system was within the range although in September of 2017 China stopped buying recycled material from the United States (Attachment A). This caused a complete change in the world market pricing. As such County staff requested a substantial unprecedented increase (\$2.80 on a 35gal cart). This is a quote from the staff report.

"The immediate effect on the County's collection system has been an increase in processing costs beginning in September 2017, reaching 375-400% above the cost reflected in our current fees. Costs are expected to remain at this level for the time being. Typically cost increases are gradual enough to absorb them in each review of the prior 12 months of the costs. These recent costs are unanticipated and rose quickly. Although our collection companies have limited ability to 'shop' for the best processing price, MRFs have increased costs across the board or restricted access, to varying degrees. Thus, collectors face a large gap between their costs and existing revenue from fees."

At this time we are requesting a rate adjustment. The recycling change represents 57% of the rate adjustment. Since our last rate adjustment, solid waste disposal has increased by \$8.85/ton with \$3.19 in the current year and overall the solid waste change is 30% of the rate adjustment. Inflation coverage represents the remaining 13% of the adjustment.

We are providing a comparison of the rates in the surrounding County cities and unincorporated County inside the Urban Growth Boundary.

Thank you for your consideration of this rate adjustment.

Very Truly Yours,

Oregon City Garbage

| <b>Miscellaneous Container Fees</b>  |
|--|
| <b>Overweight charges</b> will be applied to containers weighing over 275 pounds per cubic yard. The fee must be mutually agreeable to the customer and collector. The County will act as an arbitrator in the event of a dispute. |
| <b>Containers that have been compacted</b> are charged 2.2 times the regular container fee for the zone.   |
| <b>Overweight compacted containers</b> weighing over 500 pounds per cubic yard will be charged this fee plus disposal for the excess weight.   |
| <b>Container cleaning fee</b> will be charged for containers needing cleaning more than 2 times in a 12 month period. The fee is the actual cost of cleaning.  |
| <b>Mileage fee</b> applies to Distant Rural and Mountain Fee Zones when containers are located over 26 miles round trip from a disposal site if there are less than seven (7) containers picked up per collection route.           |
