RE: BRCP Land Use Map Changes

The City of Oregon City (City) has initiated a project to update the Oregon City Comprehensive Plan Map, Zoning Map and Municipal Code to allow planned housing and mixed-use development to occur in the 2008 Beaver Creek Road Concept Plan (BRCP) area. Updates will apply zoning and map designations for properties within the BRCP area. The City, through a grant from the Oregon Department of Land Conservation and Development, has contracted with 3J Consulting to assist with this effort.

As part of the BRCP Implementation project, 3J Consulting has been tasked with applying and mapping zoning districts to implement the land use categories in the Concept Plan Map found on page 3 of the Beaver Creek Road Concept Plan (Attachment A).

An initial Land Use Map approximating the lines on the 2008 Concept Plan Map was prepared on April 9, 2019 (Attachment B). This map was used as a starting point for making employment and dwelling unit projections for the BRCP area. Several modifications have been made to the June 7, 2019 Land Use Map to reflect taxlot and development realities while maintaining substantial compliance with the Concept Plan Map and the public comments heard to date. The following is a summary and justification of the changes made to the June 7, 2019 Land Use Map (Attachment C).

Legend

BRCP Subdistrict	Comp Plan Designation	Zoning Designation	
 West Mixed Use Neighborhood	High Density Residential	High Density Residential	R-2
 East Mixed Use Neighborhood	Medium Density Residential	Medium Density Residential	R-5
 Main Street	Mixed Use Corridor	Neighborhood Commercial	NC
 Mixed Employment Village	Mixed Use Corridor	Mixed Use Corridor	MUC-2
 North Employment Campus	Industrial	Campus Industrial	CI

1. North of Old Acres Road – In response to concern from property owners about high-density residential development adjacent to Old Acres Road, the map is adjusted such that R-5 single family development is adjacent to that road. Additionally, some lands on the east edge of the R-2 district is extended across the street to allow for a "Neighborhood Focal Point" as identified in the plan.

2. South of the Natural Resource Overlay District (NROD) in the South Central Open Space – the area north of the road parallel to Beaver Creek Road was originally zoned North Employment Campus (CI), but with the NROD and South Central Open Space overlays, there were two remnants that would be too small for industrial uses. The plan identifies this area as part of the Mixed-Employment district (MUC-2), so the boundaries are adjusted to make these remnants part of the MUC-2 district to better conform with the plan and avoid creating unusable lot remnants. Adjusted lines also conform with Title 4 identified lands to avoid conflict.

3. South of Loder towards the eastern edge of the BRCP area – In response to concern from the public about the prevalence and location of industrial lands near residential areas, lands zoned CI south of Loder Road and northeast of the easternmost north-south connector are adjusted to R-5. There is a small area that is Title 4 identified lands and is not adjusted.

At the request of land owners with property north of Loder Road, 3J examined the possibility of changing zoning designations from employment to residential. Lands in the BRCP area north of Loder Road are designated as Metro Title 4 Industrial Lands (<https://www.oregonmetro.gov/industrial-and-employment-land>) which prohibit residential uses and thus this request could not be considered.
