Dear Chair Murkowski, Chair Calvert, Ranking Member Udall, and Ranking Member McCollum:

2017 marks the start of the second century for the National Park Service (NPS), which oversees more than 400 natural and cultural areas in all 50 states and most U.S. territories. NPS faces a growing challenge in adequately maintaining its sites to ensure that visitors can experience the parks' natural beauty and learn about our nation's history. After decades of underfunding, NPS has an infrastructure repair backlog estimated at \$11.3 billion (FY 2016). This includes crucial repairs to aging historical structures and thousands of miles of roads and trails, bridges, tunnels, sewers, drainage, and other vital infrastructure.

Writer and historian Wallace Stegner said that national parks are "the best idea we ever had. Absolutely American, absolutely democratic, they reflect us at our best rather than our worst." As companies, organizations, and associations, we support addressing the infrastructure repair backlog throughout these parks.

To address the backlog and put our national parks on sound financial footing for the future, we must do the following

- Create a guaranteed federal fund that will chip away at the estimated \$11.9 billion backlog over time.
- Implement policy reforms, such as entry and vendor fees, that will help to prevent repair backlog from accruing to begin with.
- Provide more highway funding for NPS maintenance needs.
- Create more opportunities for public-private collaboration and donations to help restore park infrastructure.

From the Grand Canyon and the Great Smoky Mountains, to the Statue of Liberty to battlefields like Gettysburg, the National Park System serves as a living testament to our citizens' valor, our hardships, our victories, and our traditions as Americans. We need to ensure that our children and grandchildren are

able to see and appreciate our rich history in these places, and to learn more about the people and lands that have shaped us as a nation.

We urge you to work with us to protect our national parks well into the future and, in particular, to support guaranteed funding for infrastructure repair needs.

Sincerely,
