1. Brief project description:

Car Show fundraiser raising money for the high school band and colorguard. A showcase for people to enter their cars to win custom trophies. There are also vendors, raffles, silent auction, and prizes.

2. Description of project accomplishments:

We were able to raise \$8,000 for the band and colorguard, while hosting a fun event. (\$3,000 increase from 2012) This event allowed people from all over to get to know the students along with allowing the students to perform in front of a new audience.

3. Measures of performance (i.e. number of people served; effect of the project on tourism):

We had 158 cars register for the event this year. Each car usually brings at least 2 people. We had a huge increase in spectators this year compared to last year. We were unable to get an exact amount, but we sold out of 300 hamburgers, 150 hotdogs and had other food vendors at the event. We also had registrants come from all over Oregon and Southern Washington.

4. List additional sponsors of the project:

Local 290 plumbers & steamfitters union
Willamette Falls Pediatric

There were about 80 other sponsors that donated ~~some~~ raffle or silent auction items. I have attached a list of all companies.

5. How were OCCIT grant funds spent?

We bought a new sign banner to advertise the event. We also put the event in various papers and advertisements around Clackamas County.

6. Final budget:
