FILE NO.: Amendments to the Oregon City Sign Code Chapter 15.28

APPLICANT: Oregon City Planning Division
221 Molalla Ave, Suite 200
Oregon City, Oregon 97045

REQUEST: Adopt amendments to Chapter 15.28 (Signs) of the Oregon City Municipal Code.

LOCATION: City-wide. Legislative actions involve the adoption or amendment of the city's land use regulations that affect the entire city or large portions of it.

BACKGROUND:

Oregon City's sign code is located in Chapter 15.28 of the Municipal Code. The code regulates the location, number and size of signs in Oregon City. It determines when a sign permit is required, specifies what types of signs are prohibited, and exempts various types of signs from review. Oregon City's current sign code was adopted in 1994 (Ord. # 94-1027). Since its adoption, the only code amendment occurred in 2005 to add Section 15.28.075 – *Signs for listed conditional uses in residential zones* (Ord. 05-1002).

Goal 3 of the 2013-2015 Goals and Priorities of the Oregon City, City Commission was to “Enhance the Livability of the Community” (Exhibit 4). Under this goal, the City Commission identified a need to initiate an aggressive public involvement campaign to update the Oregon City Sign Code. More specifically the goal included the following tasks:

- Complete RFP for public outreach facilitator
- Review, revise, and adopt associated code amendments

The City has proposed a comprehensive rewrite of the City's sign code to create new sign standards that are safe, clear, fair and reflect Oregon City values. Copies of the updated draft code can be found in Exhibit 2.

Section 2: Land Use

- *Goal 2.2 Downtown Oregon City - Develop the Downtown area, which includes the Historic Downtown Area, the “north end” of the Downtown, Clackamette Cove, and the End of the Oregon Trail area, as a quality place for shopping, living, working, cultural and recreational activities, and*

The proposed code would support downtown Oregon City and other entities by tailoring the standards so they are beneficial to a variety of users and tailored to recognize the different needs throughout the City. The standards were developed through a comprehensive public planning process including inclusion by a wide variety of the public such as neighborhood associations, the Citizen involvement Committee, Main Street Oregon City, signage businesses, the Chamber of Commerce, those within the signage industry, etc.

17.62.020.C. *The land uses authorized by the proposal are consistent with the existing or planned function, capacity and level of service of the transportation system serving the proposed zoning district.*

Applicants Response: The signage regulations proposed do not limit the capacity, function or level of service of the transportation system. The signage proposed within the right-of-way will maintain compliance with the Americans with Disabilities Act.
