2	Anywhere zoned for Normal businesssed	3/31/2016 3:25 PM
3	City limits. Away from schools.	3/31/2016 3:22 PM
4	I am not in favor of marijuana being grown, processed and sold in Oregon City, HOWEVER, if sales must take place in Oregon City -- Industrial/light industrial, outer edge of city. No closer than 5 city blocks from any school (or place of worship preferably). Next to County Buildings on Beavercreek Rd.	3/31/2016 3:18 PM
5	I prefer to keep these businesses confined to a specialized area. Possibly on South Agnes Ave	3/31/2016 1:54 PM

21	Nowhere	3/30/2016 8:37 PM
22	Downtown	3/30/2016 8:35 PM
23	Nowhere! As a someone who was raised in, lives in, teaches in and has children attending schools in Oregon City, I am frustrated by the fact that this is even being considered! The City Council has ruined up so many opportunities to have tax based businesses such as Cabela's but it is willing to consider the sale of marijuana? So disappointing.	3/30/2016 8:25 PM
24	Not allowed.	3/30/2016 7:43 PM

30	Within the business district, downtown would be the right area.	3/30/2016 6:36 PM
31	Outside of Main St. Hill top, or along other corridors would be fine.	3/30/2016 5:14 PM
32	Not Near schools, day care facilities, churches and places frequented by families and children.	3/30/2016 5:05 PM

33	Before this question can be addressed the question should be how will the City respond to the smell of smoke from this product	3/30/2016 4:59 PM
34	Not near k-8	3/30/2016 4:56 PM
35	Commercially available properties not close to schools.	3/30/2016 4:56 PM

48	Downtown or along Molalla Ave.	3/30/2016 11:52 AM

55	areas that are zoned for business	3/30/2016 11:08 AM
56	Inside a building rather than out in public say during a farmers market. The building should be only related to the sale of marijuana and related products and minors not allowed in.	3/30/2016 11:07 AM
57	It should NOT be allowed	3/30/2016 11:05 AM
58	Nowhere	3/30/2016 10:55 AM
59	downtown business area	3/30/2016 10:40 AM
60	The sale of marijuana should be limited to the downtown. Limiting the sale of marijuana to the downtown would drive more traffic downtown. To be a truly viable suburb of Portland workers, a vibrant downtown is needed. Creating more pedestrian, and shopping traffic downtown is essential. Therefore, limiting the sale of marijuana to downtown Oregon City would benefit the city in drawing Portland workers to reside here.	3/30/2016 10:01 AM
61	No where	3/30/2016 9:23 AM
62	I do not think it should be allowed.	3/30/2016 8:43 AM
63	No where	3/30/2016 8:21 AM
64	Not in Oregon City	3/30/2016 8:19 AM
65	No	3/30/2016 8:17 AM
66	Downtown somewhere.	3/30/2016 8:13 AM
67	It shouldn't be allowed!	3/30/2016 8:06 AM
68	205/213 area. Away from schools	3/30/2016 7:42 AM
69	Maybe downtown away from homes and schools	3/30/2016 7:13 AM

70	should not be allowed	3/30/2016 7:00 AM
71	Nowhere	3/30/2016 6:54 AM
72	Main St	3/30/2016 6:29 AM
73	Not close to schools or parks.	3/30/2016 5:47 AM
74	Should not be allowed.	3/30/2016 4:22 AM
75	any were	3/30/2016 4:03 AM
76	Any business area.	3/30/2016 2:02 AM
77	Next to the police station.	3/30/2016 1:13 AM
78	Anywhere.	3/29/2016 11:15 PM
79	DOWNTOWN BUSINESS DISTRICT ONLY	3/29/2016 11:02 PM
80	I would prefer such sales not be permitted. Stores selling marijuana should not be near schools, businesses that cater to those under 21, residential neighborhoods, shopping areas.	3/29/2016 8:25 PM
81	No where.	3/29/2016 8:09 PM
82	Where adults would normally congregate. Not near schools.	3/29/2016 8:01 PM
83	Molalla Corridor, Beavercreek Rd, Around landfill site, preferably not downtown - would take up space that could be restaurants or specialty boutiques.	3/29/2016 6:47 PM
84	In a pharmacy; at the police station; a well lit, visihble area	3/29/2016 6:37 PM
85	Anywhere normal businesses are allowed.	3/29/2016 5:37 PM
86	Should not be allowed.	3/29/2016 4:34 PM
87	In business districts.	3/29/2016 4:31 PM
88	on the edge of the city	3/29/2016 3:34 PM
89	Hilltop or downtown	3/29/2016 3:10 PM
90	industrial area	3/29/2016 3:04 PM
91	Downtown Oregon city only	3/29/2016 2:57 PM
92	In buildings zoned for businesses	3/29/2016 2:45 PM
93	Not on every street corner or around schools. It needs to be in business that away from them	3/29/2016 2:42 PM
94	at the police station	3/29/2016 2:31 PM
95	Low accessibility to children and teenagers!	3/29/2016 2:11 PM
96	Oregon City will be a much better community if it continues to NOT be allowed. However, if it is allowed, locations should be placed 3,000 feet from schools, libraries, daycare, mental health centers, churches, pediatric centers, public parks, arcades, and any other family sensitive area.	3/29/2016 2:10 PM
97	probably only 1 or 2 shops and they could be in the business areas, not residential areas.	3/29/2016 2:05 PM
98	Not on Main street. Red Soils area	3/29/2016 1:58 PM
99	I think should it be allowed on the out skirts of the city limits so it is not around commonly used stores and sites youth would visit so they wouldn't be able to associate with it.	3/29/2016 1:56 PM
100	nowhere	3/29/2016 1:53 PM
101	Not in Oregon city	3/29/2016 1:52 PM
102	By the police station	3/29/2016 1:52 PM
103	Commercially zoned areas	3/29/2016 1:50 PM
104	away from schools	3/29/2016 1:49 PM
105	Should not be allowed.	3/29/2016 1:49 PM
106	Strip mall	3/29/2016 1:48 PM

107	Nowhere near a park or school.	3/29/2016 1:48 PM
108	Away from schools somewhat (are liquor stores regulated this way? If not, no restrictions in location needed) but other than that...	3/29/2016 1:46 PM
109	In a 21 and older facility only, or store. Not on a main street or thoroughfare, where children might "stumble" into a store or might be tempted to think its the "norm".	3/29/2016 1:46 PM
110	Commercial districts	3/29/2016 1:42 PM
111	In designated stores	3/29/2016 1:39 PM
112	It should not be allowed, the moratorium on marijuana businesses should become permanent.	3/29/2016 1:36 PM
113	Follow the guidelines set by Clackamas County. They've got a superior handle on this in my opinion.	3/29/2016 1:25 PM
114	Hope not, but if so only in established business areas that are easily policed; Molalla Ave	3/29/2016 12:00 PM
115	in non-residential areas, removed from any businesses that provide services to children.	3/29/2016 11:28 AM
116	It should NOT be allowed	3/29/2016 11:05 AM
117	It should not be allowed	3/29/2016 10:53 AM
118	anywhere	3/29/2016 10:35 AM
119	Not at all	3/29/2016 10:19 AM
120	Any open retail business property.	3/28/2016 9:10 AM
121	Any business area, main Street.	3/27/2016 8:55 PM
122	The libertarian in me says it should be allowed anywhere, but I'd really hate for it to be located in the reviving old down town area because that area is becoming so classy. When I look at the locations of pot shops in PDX, they don't contribute to a classy culture. And so I feel like it would be detrimental to the revival of old down town, which is a location of really great opportunity for OC's future.	3/27/2016 7:53 AM
123	No where	3/25/2016 4:07 PM
124	No where	3/25/2016 10:23 AM
125	Anywhere currently zoned for commercial/retail use, as long as proximity to schools does not conflict with state law.	3/25/2016 10:17 AM
126	Same zoning as bars and liquor stores	3/25/2016 10:05 AM
127	It should not be allowed. There are so many existing dispensary in nearby communities.. we don't need another in OC!	3/25/2016 7:29 AM
128	Anywhere.	3/24/2016 10:37 PM
129	Anywhere, with the exception of at least 3000 feet from schools.	3/24/2016 9:19 PM
130	Anywhere a liquor-store might be allowed.	3/24/2016 8:09 PM
131	NOWHERE EVER!!!!	3/24/2016 7:26 PM
132	Should NOT be allowed anywhere.	3/24/2016 7:15 PM
133	Oc point or bimart area.	3/24/2016 7:10 PM
134	No where near schools, neighborhoods, churches. Maybe similar to how liquor stores situated.	3/24/2016 7:09 PM
135	On properties zoned for commercial use that are located outside of drug free school zones.	3/24/2016 6:54 PM
136	Outside the historic district and far away from downtown	3/24/2016 5:17 PM
137	Away from anywhere children are regularly present.	3/24/2016 5:17 PM
138	Anywhere an Liquor store is.	3/24/2016 4:48 PM
139	At a dispensary	3/24/2016 4:35 PM
140	Main Street	3/24/2016 4:30 PM
141	Anywhere a typical retail business would be allowed that sells cigarettes or alcohol.	3/24/2016 4:26 PM
142	Anywhere and Everywhere.	3/24/2016 4:19 PM
143	Only in retail areas that are not near schools and away from places that minors frequent	3/24/2016 1:59 PM

144	In limited locations.	3/24/2016 10:17 AM
145	I don't want to see it anywhere in the city. BUT If it does, I think we should be as strict with it as we are with alcohol. If we only have 1 liquor store, we should only have 1 dispensary.	3/24/2016 8:44 AM
146	Industrial zoning areas. As far from residential areas as possible.	3/24/2016 5:56 AM
147	Commercial zones only	3/23/2016 5:20 PM
148	nowhere	3/23/2016 5:08 PM
149	Near hospitals and pharmacies.	3/23/2016 5:01 PM
150	7th St. corridor, Molalla Ave, Beavercreek Rd - existing commercial corridors	3/18/2016 9:46 AM
151	On any privately held property that is zoned in a manner suitable for a commercial business.	3/17/2016 9:30 AM
152	Same as alcohol.	3/14/2016 12:53 PM
153	Not in my neighborhood. Don't allow the sale of marijuana in Oregon City.	3/14/2016 11:38 AM
154	Should not be allowed!	3/11/2016 5:38 PM
155	Please, not in residential neighborhoods. I think we should treat it just like alcohol, even more so. For instance, the little 'barrel store' on High Street, owned by Simon and his family, would never make it without selling all that cheap mixed wine and beer....and most of the individuals that purchase it there leave their garbage and cans and bottles on the Promenade! So we don't need people being able to purchase marijuana nearby where people actually are living and raising their families, and then smoking in our public parks, leaving their paraphernalia behind in the park (and also smelling up the park air!). Waterboard Park is already getting stinky with people smoking marijuana off the trail up on the rocks.	3/11/2016 3:54 PM
156	8th and Main St.	3/11/2016 3:04 PM
157	Not in public places like "Saturday Markets"	3/9/2016 9:41 AM

### Q3 Is there anything the City should consider when deciding where marijuana sales should occur?

#	Responses	Date
1	Same rules as for tobacco	3/31/2016 3:33 PM
2	Schools and children	3/31/2016 3:22 PM
3	DO NOT allow them to locate within 4-5 blocks of any schools (or places of worship preferably) or within our improving Downtown district or 7th Street Corridor. I would imagine neighborhoods would prefer not to have them locate there either if the zoning currently allows for mixed use. No more than 1-2 sales establishments in our city.	3/31/2016 3:18 PM
4	Away from any current or future urban renewal projects and nowhere within 2 miles of any school, daycare, park, etc...	3/31/2016 1:54 PM
5	5 or more miles away from where children frequent (schools, parks, theatre)	3/31/2016 12:57 PM
6	Yes Public business that families go to , schools, anything involving children	3/31/2016 11:38 AM
7	Away from schools, parks, community centers, anything targeting youths	3/31/2016 11:12 AM
8	Please consider access and visibility to children and teens.	3/31/2016 10:49 AM
9	Away from schools.	3/31/2016 10:22 AM
10	Hours, location, Avoid the 'candy' type products.	3/31/2016 10:20 AM
11	Consider the impact to families, odor, traffic and security dangers associated with drug sales and cash only business.	3/31/2016 10:00 AM
12	The location-not near schools, parks, or neighborhoods.	3/31/2016 9:17 AM
13	Don't pack them into one area (like Sandy blvd in Portland) spread them out.	3/31/2016 8:58 AM
14	Do not want a lot of publicity or walking traffic where people could just wander in. Somewhere other than high traffic areas.	3/31/2016 8:45 AM
15	Keep it away from schools, preschools, and parks.	3/31/2016 8:35 AM
16	Marijuana is still considered illegal by the Federal Government. Perhaps the only locations should be near the police department or court house.	3/31/2016 8:29 AM
17	It should have the same requirements as liquor stores. It should not be next to a school.	3/30/2016 10:04 PM
18	Not allowing to be sold in city limits	3/30/2016 9:51 PM
19	No, it's a legal enterprise, just like any other.	3/30/2016 9:14 PM
20	You should consider this community already has problems....this would only diminish the situation.	3/30/2016 9:11 PM
21	It should be banned	3/30/2016 8:37 PM
22	The state law	3/30/2016 8:35 PM
23	As far away from Oregon City as possible. We are a small community with too many locations near schools.	3/30/2016 8:25 PM
24	Of course ..... to what 'benefit' is the selling of marijuana to Oregon City?	3/30/2016 7:43 PM
25	Think of the revenue it will most definitely generate.	3/30/2016 7:41 PM
26	Away from parks and children	3/30/2016 7:25 PM
27	I think following the liquor store hours would be a good place to start.	3/30/2016 7:05 PM
28	It should not be allowed in Oregon City. IF it gets allowed, then sales should not be located near any schools, public buildings, library, other established businesses, restaurants theater, grocery stores, etc.	3/30/2016 6:47 PM
29	Suitable parking.	3/30/2016 6:38 PM
30	Regulating business hours Monitoring clients for legal age restrictions	3/30/2016 6:36 PM

31	Not really.	3/30/2016 6:28 PM
32	Not near schools would be my first choice.	3/30/2016 5:14 PM
33	Not near schools, day care facilities, churches and places frequented by families and children.	3/30/2016 5:05 PM
34	What recourse do neighbors have if a decision is made to sell next to their residence or place of employment	3/30/2016 4:59 PM
35	Yes, not near schools, day care facilities.	3/30/2016 4:56 PM
36	Not near a school.	3/30/2016 4:46 PM
37	The only thing I would like the city to consider is the amount of revenue this would bring. Colorado and Oregon have brought in millions (the first year, billions) of dollars in taxes. That amount of money could be put to great use in updating and maintaining parks, schools, the library, the community pool, the possibilities are truly endless. Look at how much money bars, liquor sales, and Oregon Lottery bring in. Marijuana shouldn't be treated any differently than alcohol or gambling.	3/30/2016 3:35 PM
38	Same as above. Not near schools, homes or businesses.	3/30/2016 3:23 PM
39	Similar to siting other retail businesses, except that these and tobacco retailers should not be allowed within 500 or 1000 feet of any schools.	3/30/2016 3:17 PM
40	Schools, bars and places that sale alcohol.	3/30/2016 1:28 PM
41	Away from schools.	3/30/2016 1:00 PM
42	Near bars	3/30/2016 12:45 PM
43	Near to the smoke shop businesses, like House of Pipes.	3/30/2016 12:41 PM
44	Not near schools, daycare, high density residential.	3/30/2016 12:35 PM
45	There needs to be a licensing and compliance unit to monitor	3/30/2016 12:33 PM
46	Do not allow sales, it will go off records anyway to children and teens, so it will have a long lasting impact we will not be able to reverse later	3/30/2016 12:14 PM
47	Shouldn't be too close to schools or residences, a couple blocks separation.	3/30/2016 11:52 AM
48	Where a church is located and anywhere near where children congregate should be forbidden.	3/30/2016 11:41 AM
49	Consider banning it within city limits	3/30/2016 11:36 AM
50	Away from schools or child recreation centers.	3/30/2016 11:33 AM
51	Far away from our children.	3/30/2016 11:30 AM
52	Not in neighborhoods not close to schools or anywhere there are youth activities.now	3/30/2016 11:19 AM
53	how close schools are	3/30/2016 11:18 AM
54	not residential areas please	3/30/2016 11:08 AM
55	Distance from schools or other sensitive locations (i.e. rehab centers).	3/30/2016 11:07 AM
56	They should not occur in Oregon City	3/30/2016 11:05 AM
57	where schools and treatment programs are located	3/30/2016 10:40 AM
58	Enhancing the downtown, and promoting a safe environment for minors should be the most important factors in deciding where marijuana sales should occur. Sales in the downtown would enhance that area, and there are no schools and limited residents in that area.	3/30/2016 10:01 AM
59	We have enough crime in our city. Marijuana use alters common sense thought process. Why would you want to increase the potential for more crime by inviting 'pot' users into our city.	3/30/2016 9:23 AM
60	The city should consider traffic, tourism, clientele, crime statistics, and schools.	3/30/2016 8:43 AM
61	It has no value it ruins peoples motivation levels and it also can cause depression, paranoia, and schizophrenia. Take the thc out if you want it for epilepsy	3/30/2016 8:21 AM
62	Yes, more crime. More driving under the influence. More people who are socially sketchy. Etc....,	3/30/2016 8:19 AM
63	You should consider that there are locations in Portland and Milwaukie and we dont need one here.	3/30/2016 8:17 AM
64	Not near any schools or residential neighborhoods	3/30/2016 8:13 AM

65	It shouldn't be allowed!	3/30/2016 8:06 AM
66	Min of 5 miles from schools	3/30/2016 7:42 AM
67	Yes, I voted no so I want is as far away from kids and families as possible. Nothing positive except hopefully tax revenue comes from people smoking dope unless it's for true medical reasons.	3/30/2016 7:13 AM
68	should not be allowed	3/30/2016 7:00 AM
69	Happy Rock (Gladstone) already has weed stores, people can go there.	3/30/2016 6:54 AM
70	Consider the effect it will have on kids if it's near the residential area as it will bring in the riff Raff of thieves and addicts.	3/30/2016 6:29 AM
71	The obvious is location and how it could effect other businesses and traffic	3/30/2016 5:47 AM
72	Sales should be banned	3/30/2016 4:22 AM
73	Distance from schools, daycare facilities, playgrounds	3/30/2016 4:15 AM
74	Not with in 5 or 6 blocks of a school.	3/30/2016 2:02 AM
75	Away from schools, anywhere that children are present.	3/30/2016 1:13 AM
76	No. The proximity to schools has nothing to do with whether or not youths will buy it.	3/29/2016 11:15 PM
77	Should occur where it can be monitored easily!	3/29/2016 11:02 PM
78	What are the benefits/drawbacks to such sales.	3/29/2016 8:25 PM
79	What kind of people it will draw. Spike in crime, in or around the premises.	3/29/2016 8:09 PM
80	Safety of patrons and those located nearby.	3/29/2016 8:01 PM
81	hours of operation;	3/29/2016 6:37 PM
82	No sales allowed.	3/29/2016 4:34 PM
83	Be fair to people trying to operate a legal, legitimate business--cause it's already happening underground anyway.	3/29/2016 4:31 PM
84	Not on Main street or near schools add a tax	3/29/2016 3:34 PM
85	No marijuana dispensaries are safe it's the black market we need to worry about	3/29/2016 3:10 PM
86	Livability; clientele near establishments; minors frequenting area	3/29/2016 3:04 PM
87	Children - business - churches	3/29/2016 2:57 PM
88	Not by schools	3/29/2016 2:42 PM
89	Where there are marijuana sales there will be mobs of drug addicts, shady people, transactions involving other drugs, and people driving while intoxicated.	3/29/2016 2:31 PM
90	Inaccessibility to children and youth. Is it avoidable by citizens that don't support the sales?	3/29/2016 2:11 PM
91	Think about how close we already are to a number of retail facilities in Clackamas County and Portland. Because it is now legal for people to produce in their own homes and to share non-commercially with friends, there is limited need for retail outlets. Advertising and storefront signage should also be taken into account. The effect of seeing retail marijuana outlets on young people should not be underestimated. If it becomes a normal thing to see, then kids are going to consider it less of a 'big deal' if they decide to use it. Oregon City still has a special character about it, and allowing marijuana outlets in will definitely have an impact on that.	3/29/2016 2:10 PM
92	Think of all the taxes those people are paying and remember that they are running a legitimate business just like anyone else. The hoops they have to jump through are a lot tougher than most and the taxes are a lot higher than other businesses too.	3/29/2016 2:05 PM
93	Not in area of high children traffic. Keeping away from area populated by bars/alcohol establishments.	3/29/2016 1:58 PM
94	Yes, they need to be aware of all the schools, grocery stores and spots youth frequent to not put up a marijuana shop near any of those areas.	3/29/2016 1:56 PM
95	how it could affect the users	3/29/2016 1:53 PM

97	location to churches, schools, parks and anywhere kids will be	3/29/2016 1:52 PM
98	Any where	3/29/2016 1:50 PM

99	same as liquor	3/29/2016 1:49 PM
100	Yes. Consider what you want for our youth: to be in a healthy community that supports the greatest chance for their success, or not.	3/29/2016 1:49 PM
101	Proximity to schools and day care. Not too close.	3/29/2016 1:48 PM
102	Yes! The sales should not be in or near pedestrian traffic or near schools/parks where children are present.	3/29/2016 1:48 PM
103	What are sales of liquor regulations? Should be the same thing.	3/29/2016 1:46 PM
104	Keep it off the main streets! Keep it out of the line of sight from minors.	3/29/2016 1:46 PM
105	Establishments should not be located near schools and parks	3/29/2016 1:42 PM
106	Great way to tax and get more money for cities	3/29/2016 1:39 PM
107	There should be no sales of medicinal or recreational marijuana allowed in Oregon City.	3/29/2016 1:36 PM
108	..follow the County	3/29/2016 1:25 PM
109	All the current regulations re: businesses Access, Parking, Signage	3/29/2016 12:00 PM

111	No, it should NOT be allowed	3/29/2016 11:05 AM
112	Do not allow it	3/29/2016 10:53 AM
113	away from schools	3/29/2016 10:35 AM
114	No.	3/28/2016 9:10 AM
115	Any business area	3/27/2016 8:55 PM
116	I would like it to consider an ordinance on the aesthetics of dispensaries. Again, in PDX, they're often these obnoxious bright green eye-sores. Though I hate pot, I'm all for legalized sale. But I want the dispensaries to positively contribute not only economically to an area, but also culturally. The giant eye-sore stores look like porn shops, and that's not an aesthetic I want to see popping up all over OC.	3/27/2016 7:53 AM
117	Not near schools or churches	3/25/2016 4:07 PM
118	Location to places frequented by family and children.	3/25/2016 10:23 AM
119	Probably don't want it right next to a rehab center.	3/25/2016 10:17 AM
120	Same as other adult recreation sites	3/25/2016 10:05 AM
121	Increased crime. DUII. Minor marijuana use. DONT DO IT.	3/25/2016 7:29 AM
122	How it will impact the medical cannabis patients accessibility to their medication.	3/24/2016 10:37 PM
123	Proximity to schools	3/24/2016 9:19 PM
124	Nothing more than those factors considered when and where liquor sales might occur.	3/24/2016 8:09 PM
125	NOWHERE EVER!	3/24/2016 7:26 PM
126	Should NOT be allowed.	3/24/2016 7:15 PM
127	Away from day care centers	3/24/2016 7:10 PM
128	We don't need 50 of them in OC. Whenever you drive through PDX they are EVERYWHERE. I really think it would detract from all the hard work that has been done over the years to elevate the livability if there is a giant green cross or marijuana sign on every block.	3/24/2016 7:09 PM
129	Proximity to other businesses or areas in which attract an underage clientele.	3/24/2016 6:54 PM
130	Keep it away from schools - surrounding business may leave.	3/24/2016 5:17 PM
131	Increase of other crimes, transient traffic, low life people hangin around our community, second hand contact to the public when people smoke it around me or my kids, increased traffic issues of people driving while under the influence.	3/24/2016 5:17 PM
132	Yes, not near schools.	3/24/2016 4:48 PM
133	School districts and neighborhoods	3/24/2016 4:35 PM
134	Distance from schools	3/24/2016 4:30 PM

135	No.	3/24/2016 4:26 PM
136	No, do not put any regulations in place	3/24/2016 4:19 PM
137	Not to have them in discreet locations	3/24/2016 1:59 PM
138	No where near schools, Library, pool, parks, etc. Maybe near the Police Department, so they can keep an eye on it. I don't know, this is a really hard topic.	3/24/2016 10:17 AM
139	They should hide it from street views on main roads. I don't think citizens should have to see a giant green cross everywhere we drive now, especially when against it.	3/24/2016 8:44 AM
140	Children	3/24/2016 5:56 AM
141	Avoid schools, and places where kids under 18 gather, Movie theaters, school, libraries, public pools, etc.	3/23/2016 5:20 PM
142	impact on schools. No sales within 1 mile of any school (public or private)	3/23/2016 5:08 PM
143	Schools, growing odors, late night hours/sales affecting neighbors	3/23/2016 5:01 PM
144	As per licensing requirements with buffers from schools, day-care etc.	3/18/2016 9:46 AM
145	The City should consider how other commercial businesses are treated, and treat marijuana businesses consistent with that.	3/17/2016 9:30 AM
146	Same as alcohol	3/14/2016 12:53 PM
147	Schools, churches, not being close to family neighborhoods.	3/14/2016 11:38 AM
148	Don't allow.	3/11/2016 5:38 PM
149	see above. we also need signs, upfront and clear, in our parks, about no alcohol or marijuana.	3/11/2016 3:54 PM
150	Crime, transients, vandalism	3/11/2016 3:04 PM
151	Proximity to schools and places of worship	3/9/2016 9:41 AM

1	Same rules as for personal growth	3/31/2016 3:33 PM
2	No preference	3/31/2016 3:25 PM
3	?	3/31/2016 3:22 PM
4	I don't know the state law thoroughly but I wouldn't want a commercial grow widely known in town; I'd want it to "fade into the woodwork".	3/31/2016 3:18 PM
5	It should be zoned industrial area in warehouses or greenhouses. Not in residential or commercial areas.	3/31/2016 1:54 PM
6	Growing should not be allowed in Oregon City.	3/31/2016 12:57 PM
7	Peoples owned homes not in rentals, industrial areas	3/31/2016 11:38 AM
8	See above	3/31/2016 11:12 AM
9	Not at all---please prohibit grow ops in OC	3/31/2016 10:49 AM
10	Limited quantities on people's personal properties, or better yet, only businesses that sell it.	3/31/2016 10:22 AM
11	Personal use only	3/31/2016 10:20 AM
12	Do not allow. If passed it should only be allowed in an industrial zone.	3/31/2016 10:00 AM
13	Only in places that are secure.	3/31/2016 9:17 AM
14	I would think it takes a lot of room to grow marijuana. I don't know if the city has that kind of open space. I have heard that people who do grow need room and usually use fans which create a noise issue for neighbors. Also increased traffic. So I would prefer is no growing is allowed in the city. Let that happen in much more open spaces of unincorporated Clackamas County	3/31/2016 8:58 AM
15	Rural areas and outside of the city proper.	3/31/2016 8:45 AM
16	Away from the downtown, high population areas.	3/31/2016 8:35 AM
17	I don't feel comfortable with marijuana grow sites being located anywhere in Oregon City.	3/31/2016 8:29 AM
18	It should only be allowed out of city limits in farming areas.	3/30/2016 10:04 PM
19	in a properly vented building. (Charcoal filters) I don't want to smell that nasty smell.	3/30/2016 9:59 PM

21	No where!	3/30/2016 9:11 PM
22	It should not be allowed	3/30/2016 8:37 PM

24	NOWHERE!!!!	3/30/2016 8:25 PM

27	It must be carefully safeguarded against robbery.	3/30/2016 7:25 PM
28	Indoors only	3/30/2016 7:05 PM
29	Now where within city limits	3/30/2016 6:47 PM
30	Yes, as voted on and passed in the state of Oregon. Again monitoring growers would be part of being allowed to grow within the law.	3/30/2016 6:36 PM
31	Can't you follow the lead of the rest of the state!	3/30/2016 6:28 PM

32	At homes, and in businesses.	3/30/2016 5:14 PM
33	Not near schools, day care facilities, churches and places frequented by families and children.	3/30/2016 5:05 PM

58	Nowhere.	3/30/2016 10:55 AM
59	not in city limits	3/30/2016 10:40 AM
60	Residential growing should not be limited. Commercial growing operations should be limited to current zoning regulations for similar crops.	3/30/2016 10:01 AM
61	No where	3/30/2016 9:23 AM
62	Please do not allow it. Oregon City is a family oriented city. If residents would like to purchase it there are plenty of locations they can travel to outside of OC to get it.	3/30/2016 8:43 AM
63	It shouldn't be	3/30/2016 8:21 AM

87	Again, be reasonable in restrictions so as to allow for legal, rather than illegal activity. Cannabis is being grown today in all neighborhoods across Oregon City; in backyards and indoor grow rooms. Help these people be legal, not criminal.	3/29/2016 4:31 PM

153	I understand people wanting to grow it in their yards. However, their neighbors should have the right to express their concern about the smell the plants make when they begin to mature. It can be overpowering, and growers need to be considerate. If they can't, they should not be able to inflict this on their neighbors.	3/11/2016 3:54 PM

102	I STRONGLY urge the city to pass an odor ordinance. I hate the smell of pot, and feel I should be allowed to have some control over how much it impacts my family on our property. I am happy to compromise with neighbors about lifestyle choices that we all make - tool noise, music, occasional late night parties, etc. - but I don't think that my property (or that of anyone else) should be covered in the stink of pot because a neighbor wants to grow (or smoke, for that matter.) I recently visited Ashland, and they're having a real problem with the whole city smelling like a skunk, and so they're considering an odor ordinance. Further, I read a great article in the Oregonian on the stench topic (probably the only great article in that paper, ever). They interviewed a man who was trying to get clean and sober and one of his triggers for using drugs was the smell of pot. His downstairs neighbor smoked a lot, and law enforcement couldn't help the man with the problem of the trigger-smell in his apartment because the smell isn't considered "offensive" by Oregon law. Now, we shouldn't necessarily cater to people's addictions, and yet a story like that shows that it's not a black-and-white issue. The shouldn't have to leave his home just to stay sober because of a smelly neighbor.	3/27/2016 7:53 AM

112	Out in the farm areas please! We have 2 business's in PDX and a grow op popped up overnight right next to us. Hundreds of plants in a building being vented at us. It truly is a horrible smell and we have had to have our customers cars (we are in auto repair), detailed when it gets inside. Also, our employees get headaches from the constant sweet skunky smell. It's really not fair to ask the general public or a business to have to tolerate it. It's just horrible. We are working with the city code enforcement under the nuisance ordinance to abate it.	3/24/2016 7:09 PM

76	Same response as previous...it's already happening across the city. Drying is low risk. Processing oils can be another matter however. In wrong hands oil processing can be hazardous, but not inappropriate for any other industrial area w similar msnufacture operations. Legal will be safer than creating a climate that forces activities underground. Make origin city the cannabis baking capital of the state. This is a good opportunity to lock in on some high income (high tax revenue) industry. Oregon city could be the capital of baked goods. No kne else has claimed it-be a smart city and let bakers and candy makers prosper. Most of it will be exported. But also consider a stay and bake economy's-if course will have to build more lodging for the overnight crowd. We do not want to promote stoned driving, so give them a place to sleep off the cookie tasting.	3/29/2016 4:31 PM

## Q7 Is there anything the City should consider when deciding where marijuana should be processed?

## Q8 I have the following comments regarding regulation of marijuana.

Answered: 127 Skipped: 40

#	Responses	Date
1	I will be displeased if Oregon City citizens pass this in November. I would not want to be a business owner/operator who was already established in an area in which a marijuana business was moving into. Additionally, I believe that the Planning Department should have to place a notice on the location alerting the public of what is coming before they can receive their occupancy permit.	3/31/2016 3:18 PM
2	I prefer to keep this out of Oregon City. Let Gladstone deal with it.	3/31/2016 1:54 PM
3	Marijuana sales, growing and processing should not be allowed anywhere children are. There needs to be regulations on packaging, advertisements and testing.	3/31/2016 12:57 PM
4	Regulate in a way that protects youth but also allows equal and fair opportunity for those who choose to have marijuana apart of their Job career	3/31/2016 11:38 AM
5	It needs to be strict and kept in mind how it affects the children of Clackamas county.	3/31/2016 11:12 AM
6	I oversee drug and alcohol prevention and treatment programs in Oregon City Schools. Increased access, availability, and acceptance of marijuana use is very negatively impacting the youth in your community. A study published just this week points to its long term use resulting in many problems for people: <a href="http://www.oregonlive.com/marijuana/index.ssf/2016/03/study_regular_long-term_mariju.html">http://www.oregonlive.com/marijuana/index.ssf/2016/03/study_regular_long-term_mariju.html</a> Thank you for listening...	3/31/2016 10:49 AM
7	Don't know anything about the processing process. Education would be good.	3/31/2016 10:20 AM
8	I believe that the City of Oregon City should not allow marijuana to be sold, processed or grown within the City limits. It is dangerous to be housed within the community and dangerous to be dispensed. Security/safety and the access children will have are all reasons why Oregon City should not allow this activity in any fashion.	3/31/2016 10:00 AM
9	More patrols should be done as there are not more people driving under the influence of marijuana. This takes the lives of others and those who drive under the influence should be heavily penalized.	3/31/2016 9:17 AM
10	I wish we could limit signage/advertising. Now seeing marijuana ads on the billboards on I-205. I would suggest requiring the retailers to also sell lock boxes and have information posted about the dangers of edibles (esp with kids), about driving and that whatever they buy cannot be given to people under 21 just like alcohol.	3/31/2016 8:58 AM
11	How marijuana is stored needs to be looked at, as children are getting easy access to their parents' stashes, whether or not their parents approve.	3/31/2016 8:45 AM
12	I recommend keeping the sale of recreational marijuana out of Oregon City.	3/31/2016 8:35 AM
13	Sorry, perhaps I'm too anti-marijuana. Having it easily accessible, available in too many products that are easily consumed by children, and costly to properly enforce regulations, is a worry to me.	3/31/2016 8:29 AM
14	It should be controlled with specific regulations to protect people living in the city	3/30/2016 10:04 PM
15	I do not like it any where near naberhoods.	3/30/2016 9:59 PM
16	Don't allow it to be sold or manufactured in the city.	3/30/2016 9:51 PM
17	Marijuana is a plant, just like any other. Government has no business telling citizens what they can and cannot grow . . . tomatoes, carrots, cannabis, etc. Sales of cannabis would provide a huge benefit and income to both private businesses and city revenues.	3/30/2016 9:14 PM
18	See above.	3/30/2016 9:11 PM
19	It should only be dispensed through pharmacies as a medical doctor prescribed medication.	3/30/2016 8:37 PM
20	I have never supported the legalization of marijunana. NEVER! I will be truly saddened if this happens in my beloved community.	3/30/2016 8:25 PM
21	Marijuana growing will bring in gangs, increase home robberies, and violence between competing growers. We don't need groups of space cadets hanging around Oregon City!	3/30/2016 7:43 PM
22	I don't want marijuana to be sold in Oregon City. Period.	3/30/2016 7:05 PM
23	There are plenty of other locations close by to purchase product. Keep it out of Oregon City.	3/30/2016 6:47 PM

24	Marijuana should be made available to the people of Oregon City (Clackamas County) the same as it is in Multnomah County. Oregon City is missing out on all the revenue that is generated by the sale of marijuana. It's no worse than booze and that my friend is sold everywhere.	3/30/2016 6:36 PM
25	OC is just loosing out on revenue. It's coming whether or not OC is on board. It's OC's loss.	3/30/2016 6:28 PM
26	I look forward to Oregon City benefitting from the future tax revenues.	3/30/2016 5:14 PM
27	Let's keep the current ban.	3/30/2016 5:05 PM
28	Treat it like alcohol and tax it for revenue	3/30/2016 4:56 PM
29	I am not a user, but appreciate it's legalization to increase state tax funds.	3/30/2016 4:56 PM
30	I have only the above issues. I have a bigger issue with alcohol and bars.	3/30/2016 4:46 PM
31	I would prefer that marijuana sales not be allowed in the city at all.	3/30/2016 3:23 PM
32	I fully support the legalization of marijuana. I am very concerned about the potential for edibles to be misused by minors, however any regulations here should not overreach, by for example restricting them more than opiates. Your community recommendations are a great start.	3/30/2016 3:17 PM
33	The regulation of marijuana should fall under the same rules and regulations that alcohol is handled. Should not be sold to people under 21. The purchase should be taxed and regulated to protect the consumer. Penalties for abusing the drug or being publically intoxicated should also be the same.	3/30/2016 1:28 PM
34	It is actually hopeless. Growers and users have been outside the law for years.	3/30/2016 1:00 PM
35	I think that the money gained by the sale and production of marijuana far outpaces the problems caused by it. The fear that children will have more or easier access is a fallacy that can be proven by comparing marijuana to alcohol. We sell beer at Fred Meyers, so in theory, children can get beer and alcohol very easily, right? except the number dont show a massive spike of children and drinking. Its simply fear mongering. Let the city partake in the tax money. We will benefit from it more than people seem to think.	3/30/2016 12:41 PM
36	NOT LOCATED IN MY NEIGHBORHOOD.	3/30/2016 12:35 PM
37	OC is losing taxes to the Portland market. It's being purchased recreationally and brought into OC anyway....just provide the appropriate infrastructure to monitor it	3/30/2016 12:33 PM
38	I am against selling, planting, distributing or advertising of marijuana. It damages our children, why would we allow it?	3/30/2016 12:14 PM
39	Marijuana is a safe, recreational substance when used by responsible adults. It should not be available for minors. We need more acceptance as it is not the shady, illicit substance of the 60's and 70's.	3/30/2016 11:52 AM
40	Legalization should not have happened. However, it has, so one dispensary should be responsible for it. It should be tightly. regulated. When people buy it and take it home, it should be tightly locked away and should only be used by those adults who buy it.	3/30/2016 11:41 AM
41	I don not want marijuana to be sold in Oregon City.	3/30/2016 11:36 AM
42	It is just a matter of time before marijuana is made legal in the United States. Legalization will bring in additional taxes and it will cut down on the income of the drug cartels. It will also make it much easier for those who prefer medical marijuana over prescription drugs.	3/30/2016 11:33 AM
43	Move it out of the city limits and keep it away from our children.	3/30/2016 11:30 AM
44	Not in OC. most people work outside of the city. plenty of other places to purchase.	3/30/2016 11:08 AM
45	the size of a growing and processing operation should determine its location and the rules that apply to it.	3/30/2016 11:08 AM
46	Working in Portland our office is surrounded by pot shops and processing locations. Honestly, the types of people coming and going in the neighborhood is less than desirable. Also, littering and loitering have increased. Please keep the city I call home free from this same fate!	3/30/2016 11:05 AM
47	I have seen first hand the fact that marijuana is a gateway drug. If it is needed medically I believe it should be prescribed and regulated through the same means as all other prescription medications. Let's not try and be pharmacists.	3/30/2016 10:55 AM

48	Prohibition of the cultivation, processing, and sales of marijuana in Oregon City is not beneficial to the growth and economy of the city. The cultivation, processing and sales of marijuana creates jobs in the areas where it is properly and legally regulated. Further, the sales of marijuana in the downtown will promote pedestrian traffic in the downtown of Oregon City. With the sales of marijuana in such close proximity to Oregon City, and the legalization of marijuana in Oregon, cities that continue prohibition of the product only stand to lose the economic benefit that the legalization of the crop permits.	3/30/2016 10:01 AM
49	Although marijuana is regarded as a drug to mellow people there are side effects, one of them paranoia. By considering sales, growing or processing of 'pot' in our city you are inviting more crime. Perhaps 'pot' does mellow people out while they are using it. What about the time when folks aren't 'high'. I have a relative who has been a pot head for years. When they are high they are mellow.....when they are not smoking they are frighteningly vicious and paranoid. You are inviting an increase of this type of person into our city limits and that is not a good idea.	3/30/2016 9:23 AM
50	I don't think banning edibles or concentrates is a reasonable idea. I think that regulation to help prevent sales to and access to minor is important, but this does not require a ban on popular products.	3/30/2016 8:28 AM
51	Let's keep it out of our city. Do you think west linn is even considering this. ? It's not good for adults because the kids get it .	3/30/2016 8:21 AM
52	We have enough problems without adding another one to the mix!!!	3/30/2016 8:06 AM
53	Do not allow marijuana businesses or growers in OC.	3/30/2016 7:42 AM
54	It should be strictly regulated. I saw a man walking in the store with a lady with one of the hand held type smoking thing. Really, smoking dope on the way into the grocery store. Get ready - more losers loose on the street. That's like walking into the store drinking alcohol.	3/30/2016 7:13 AM
55	should not be allowed should not be allowed should not be allowed	3/30/2016 7:00 AM
56	There will be plenty of weed available for anyone who wants it without Oregon City hopping on the bandwagon. Keep our city free of this crap.	3/30/2016 6:54 AM
57	Let people go to Portland to get it. Keep Oregon City free of it.	3/30/2016 4:22 AM
58	I like the current ban. There are plenty of places nearby that people can go to obtain marijuana. Allowing it in Oregon City is just going to increase crime rates over time. I suspect the city is interested because they want to get tax income - I think it would be a bad idea.	3/30/2016 1:13 AM
59	It is exactly the same as the cultivation of tobacco. Its danger is equivalent (in fact, less -the danger the population so often references is actually racist propaganda from the 1800s).	3/29/2016 11:15 PM
60	We might as well control where and how marijuana is grown and processed !	3/29/2016 11:02 PM
61	Please don't let it come to Oregon City, it will only bring heartache.	3/29/2016 10:04 PM
62	Please think through all the ramifications of allowing marijuana in Oregon City.	3/29/2016 8:25 PM
63	It's a disgusting habit, that is extremely unhealthy. I do not support this product in, or near the Oregon City area.	3/29/2016 8:09 PM
64	Any new sign regulations regarding marijuana retailers? Maybe the existing sign rules would cover this, but many places in other towns have very large signage. Obviously trying to be eye-catching and lure customers in. I think understated is best, not huge billboard size signs. People will still find it. And as long as there are not too many licenses there shouldn't be such fierce competition that large signs are needed.	3/29/2016 6:47 PM
65	I am not in favor of selling, growing, processing or using it.	3/29/2016 6:37 PM
66	There is no rationale for treating it any different than any liquor store, brewery, or place where alcohol is sold.	3/29/2016 5:37 PM
67	Do not allow in city limits.	3/29/2016 4:34 PM
68	Cannabis is legal, like it or not. OC can take advantage of this reality or spend funds and energy fighting that reality. Make it easy to be legal and consider tourism and industry advantages of taking a pro-active positive approach to cannabis rather than losing out on benefits and control altogether.	3/29/2016 4:31 PM
69	Marijuana is not going anywhere so, planning for it is the way to go. Make sure the police can test for it if they pull someone over. Make sure marijuana is sold, processed, and grown away for our children.	3/29/2016 3:34 PM
70	Marijuana is medicine... It saved my child when she had cancer. Banning the industry is restricting safe access to families like my own.	3/29/2016 3:10 PM
71	Tax it and make it unprofitable until it goes away... take booze with it	3/29/2016 3:04 PM
72	Marijuana as well as alcohol should be banned	3/29/2016 2:57 PM

73	I would just like to see some regulation on the types of signs that dispensaries are allowed to put up. Looking at other cities there are basic dispensary signs that work fine and do not create a big attraction for children.	3/29/2016 2:45 PM
74	I am all for having it in OC I just don't want the despercerys around schools	3/29/2016 2:42 PM
75	Please do as much as possible to minimize the exposure to anyone under age of 21. Including advertising and billboards.	3/29/2016 2:11 PM
76	Again, allowing commercial marijuana activity in Oregon City is not a good idea. We need to hold a higher standard for our community, keep our kids safe from the unintended side effects of 'normalizing' marijuana use. Also, we are already having to ask the questions about how our police will enforce for use in public view, and traffic safety (just last week I saw a car full of kids smoking pot as they drove down Main Street).	3/29/2016 2:10 PM
77	This is a legitimate business that is closely monitored by OLCC. The owners and employees of these shops are scrutinized and checked over thoroughly. These places pay very high taxes and have to jump through more hoops than any other business so they should not be shunned or slandered.	3/29/2016 2:05 PM
78	Available in other local communities. Might as well get tax's to benefit Oregon City.	3/29/2016 1:58 PM
79	There needs to be a prevention effort put in place as soon as possible. The city needs to be well informed of the expectations and rules around the legalization of marijuana and how to relay this information to our youth so they better understand that this substance is harmful to them.	3/29/2016 1:56 PM
80	don't allow	3/29/2016 1:53 PM
81	Oregon City needs to put a high tax on it. If sold, grown or processed within the Oregon City limits need to have a 30+% sales tax. The funding then goes into school for the DARE program or something similar.	3/29/2016 1:52 PM
82	treat it the same as alcohol	3/29/2016 1:49 PM
83	There's no way to regulate that will allow for safe and successful environment for our youth. It will also put too much burden on law enforcement	3/29/2016 1:49 PM
84	It should be regulated outside of the city limits.	3/29/2016 1:48 PM
85	The regulation should be the same as alcohol.	3/29/2016 1:46 PM
86	there are SO many other alternatives to marijuana. Truly. I just disagree with it's use altogether. We need to tighten the reigns on this out of control train.	3/29/2016 1:46 PM
87	Since this is now legal in some states the government needs to regulate this and tax it like they do cigarettes .. this is a good way for the cities to tax	3/29/2016 1:39 PM
88	Oregon City should consider the findings of the recently published study in the journal Clinical Psychological Science regarding the downward mobility of adults who frequently smoke marijuana. Those habitual users are more downwardly mobile than their parents, as well as experiencing more financial (debt and food insecurity), social, and personal problems. A link to an Oregonian article can be found here: <a href="http://www.oregonlive.com/marijuana/index.ssf/2016/03/study_regular_long-term_mariju.html">http://www.oregonlive.com/marijuana/index.ssf/2016/03/study_regular_long-term_mariju.html</a>	3/29/2016 1:36 PM
89	We all know this is temporary per Federal guidelines. The county has great rules to look after its citizens and if followed is a great way to proceed until the next level is reached. Thank you all so much for your diligence and efforts.	3/29/2016 1:25 PM
90	I wish the voters had opted to decriminalize limited personal use (self grown) and not allowed commercial sales. It will be interesting to see how these businesses are able to do banking and file taxes on a Federally prohibited product.	3/29/2016 12:00 PM
91	I would prefer that all marijuana operations stay outside the city of Oregon City. I think it will attract a clientele that is opposite of what this city has been trying to acheive over the last 5 years.	3/29/2016 11:28 AM
92	It should NOT be allowed	3/29/2016 11:05 AM
93	Please keep this out of our city!!!	3/29/2016 10:53 AM
94	I don't mind if adults choose to use marijuana but I believe advertising and proximity to youth should be minimized. No billboards or neon signs. just casual business in safe locations. Security is important. Many marijauna growers and retailers are cash businesses due to federal banking laws. Watch High Profits on netflix. The regulator's need to do their homework.	3/29/2016 10:35 AM
95	Cannabis should not be regulated.	3/28/2016 9:10 AM
96	I'm glad it's legal, but I wish our culture were moving away from its use.	3/27/2016 7:53 AM

97	I think the legalizing of Marijuana in Oregon is a joke. Federal law says it's wrong. I think we should follow Federal laws. We will continue to see the younger generation getting addicted and wanting stronger drugs. Why stop at pot if I can feel better with stronger stuff. We need to focus on building more schools, educating our kids better and this slippery slope of Marijuana is going to lead to more crimes and bunch of stone heads. Please....do not corrupt our little town and joining this bad parade. Only ones who benefit are drug users and politicians.	3/25/2016 4:07 PM
98	It is becoming very hard for hard working, God loving families to raise their children without exposure to the kinds of people most frequently associates with dispensaries. Please keep this out of our city.	3/25/2016 10:23 AM
99	It is here, it is a fact of life, we may as well regulate it and get some tax dollars from it. Considering the number of bars, breweries and places to purchase tobacco we already have, banning marijuana is kind of hypocritical.	3/25/2016 10:17 AM
100	More about this survey.... generally a broad spectrum multiple choice survey with optional text will yield more quantifiable data. I don't expect this survey is going to provide much in the way consistent responses.	3/25/2016 7:29 AM
101	I would hope to see fair regulations that kept dispensaries, medical patients and non users satisfied.	3/24/2016 10:37 PM
102	I support both medical and recreational use.	3/24/2016 9:19 PM
103	Let's not get carried away with residual 'reefer-madness' BS. It's a product like any other. Doesn't need to be treated any different to, say, a brewery or even a gun-shop.	3/24/2016 8:09 PM
104	I don't want marijuana to be sold or grown anywhere in Oregon city!	3/24/2016 7:52 PM
105	DO NOT ALLOW IT IN OUR CITY EVER!!!!	3/24/2016 7:26 PM
106	The sale, processing, manufacturing, growing of marijuana or marijuana products should NOT be allowed in city limits.	3/24/2016 7:15 PM
107	I think it's a joke. It wasn't very well thought out other than the rule requiring the "dispensaries" to be 1,000 ft apart. We don't need 100 liquor stores and we don't need 100 dispensaries in this city.	3/24/2016 7:09 PM
108	I've been really proud of OC not having strip clubs and pot dispensaries. I'd love to keep it that way. As a business owner with multiple properties I'd have to consider my options if I had to be in the same neighborhood.	3/24/2016 5:17 PM
109	Please don't allow it for the sake of our community and our children	3/24/2016 5:17 PM
110	I think the smoking, drinking and pot age all should be 21 or older.	3/24/2016 4:48 PM
111	Why is the Legal sale of Marijuana an issue in Oregon city?	3/24/2016 4:35 PM
112	While I wish it was still illegal, it is not. I'd hope more police are being trained to look for signs of "high drivers" during traffic stops	3/24/2016 4:30 PM
113	I don't understand how this is even up for debate. What makes Oregon City so special it doesn't have to comply with state law? Get with the program. Look at the benefits and stop letting people with unverified concerns speak over and impede on what the state law is.	3/24/2016 4:26 PM
114	Please allow marijuana in our city, it will bring us so much tax income and even tourist dollars!	3/24/2016 4:19 PM
115	Do not allow it until the State has everything (re: laws) figured out, as of right now I believe that there are more regulations that need to be worked out.	3/24/2016 1:59 PM
116	I don't think it should be allowed in this city. There needs to be one city without the smell, green signs, etc. If people really want it, they can drive a few miles to another city to get it.	3/24/2016 8:44 AM
117	If there is any way to keep marijuana processing and sales out of this city, please do it. There is no positive aspect for our children.	3/24/2016 5:56 AM
118	Do all you can to tax the sale, growing, and processing of marijuana. If possible tax each stage of the process.	3/23/2016 5:20 PM
119	The state restrictions on location distance from schools is insufficient. Many students walk up to a mile from schools. There are illegal sales of liquor and tobacco materials to youth in this city. There will be illegal sales of marijuana as well. The City should do everything to make sales difficult.	3/23/2016 5:08 PM
120	It should be treated like and other crop- farms are not allowed in residential neighborhoods. Scale and security should be considered.	3/23/2016 5:01 PM
121	All manufacture/processing needs to be away from residential neighborhoods.	3/18/2016 9:46 AM
122	OC should do this.	3/14/2016 12:53 PM
123	Don't sell it in Oregon City. Portland is close enough.	3/14/2016 11:38 AM

124	Drugs in general is the biggest problem to all society. It is a gate way drug. Everyone I have known in my 62 years of my life had noting good happen by using pot. For the young it can cause permanent brain damage.	3/11/2016 5:38 PM
125	As a person in her sixties who's been around the block, the whole thing makes me sad. There is continuig research showing the personal habits and indifferent attitudes that are formed by young people who often smoke marijuana are not constructive and very difficult to change. We need more real, meaningful jobs for young people that pay a living wage and provide opportunities for advancement....a lot more than we need them wasting their time smoking marijuana (among other things).	3/11/2016 3:54 PM
126	It is the worst idea I've heard all year.	3/11/2016 3:04 PM
127	Just say NO!	3/9/2016 9:41 AM
