

Neighborhood Associations

Oregon City is divided into 12 neighborhood associations which facilitate communication among neighbors and with the City. Meetings often include solving neighborhood concerns, planning neighborhood activities and presentations by the City, Police, developers, School District, or business community.

Citizen Involvement Committee (CIC)

The Citizen Involvement Committee (CIC) provides coordination among neighborhood associations as well as strengthens communication between the public and the City. The CIC provides opportunities for public participation and education of land use and other issues affecting the livability and quality of our neighborhoods.
