

I-205 PAVING

I-5 to Abernethy Bridge

NEWSLETTER #2
JUNE 2017

Project Begins in June

Beginning in June, ODOT will repave the nine-mile stretch of roadway on Interstate 205 between the Interstate 5 interchange in Tualatin and the south end of the Abernethy Bridge in West Linn. Key elements of the work include:

- ADA-compliant sidewalk curb ramp improvements on 10th St. (between 8th Court and Blankenship) in West Linn. *While the curb ramps on the west side of 10th St. are under construction, the sidewalk will be closed and pedestrians will be routed to a protected walkway on the east side of 10th St.*
- Resurfacing the pavement on 10th Street under I-205.
- Repaving the OR 43 interchange loop and improving sidewalk curb ramps to meet ADA standards. *While the curb ramps on the west side of the loop are under construction, the sidewalk will be closed and pedestrians will be routed to the east side sidewalk.*
- Resurfacing the I-205 bridges that cross over SW Woodbine Road and SW Borland Road.
- Replacing existing rumble strips on I-205.

Sidewalk curb ramp improvement work will take place during the day. All other work will take place primarily

at night and will include multiple lane closures. ODOT's noise hotline will be staffed 24 hours a day to help resolve any noise problems or incidents. The hotline number is **503-415-2325**. Check the project website for up-to-date construction information.

Nighttime Lane & Ramp Closures
