James,

Attached is the public records request you submitted that the City has been working on.

I understand you made arrangements with Pete Walter to review “the City’s Goal 5 inventory and resource list as it applies to Abernethy Creek, Clackamette Cove, Clackamas River and the Willamette River and the related acknowledgment orders that it has been able to locate with reasonable efforts.” Is this correct?

The other piece of your request was for “The End of the Oregon Trail District Guidelines, 1991.” After an exhausted search, we have not been able to locate that document. You have also reached your limit of 30 minutes of free staff time. Any future requests regarding this same project and/or similar requests the City will provide you an estimate of cost associated with those requests.

If my understanding about the Goal 5 request is correct, then this fulfills your public records request. Please confirm.

Thank you,
Kattie
