Subject: Development Review in Oregon City -- Multiple Properties

Good afternoon,

Oregon City's municipal code requires notice be sent to selected Tribes and SHPO before development involving ground disturbance may occur. Oregon City will not be reviewing projects on archeological criteria, but we want to make sure that the applicant is aware of any potential archeological issues as early in the process as possible.

Please review the attached document and return any comments regarding potential archeological issues to me **within 45 days** and your comments will be forwarded to the applicant.

Thank you and please feel free to contact me with any additional questions or concerns.
