**Do you presently serve on a City board or committee?**

---

☐ Yes ☒ No

**If yes, which board or committee?**

---

---

## Interest Statement

### Explain your interest in this board/committee and why you think its issues are important

---

I have worked in, for, and with, libraries all my adult life. In today's social and political environment I believe libraries are more important than ever in providing a cultural nexus for the community. While the specific services offered must be determined by library staff and the community working together, the library itself remains vital and relevant, especially in smaller communities where it can serve as a link between the future and the past. Other organizations have their own specific community responsibilities, but the library is the only generalist agency serving all ages, economic levels and educational achievements. I believe in the library's mission and would do my best to support it if I should be selected to join the board.

### List any relevant experiences, skills, or interests that have helped to prepare you for a position on this board or committee

---

Please see above.

### Additional information

---

Just over three years ago my son, who lives in Portland, suffered a stroke. I had recently retired from my position as Provost of Chaminade University and immediately made plans to move to the area. After living in rented quarters in Portland, my wife and I looked for a property in a less urban town close to my son. After much searching we found Oregon City. We have lived here for three years and have come to love the city and its residents. While my son has regained over ninety percent of his faculties and no longer needs our day-to-day help, we intend to remain. The community has welcomed us with great warmth and friendship; I would like to repay that through service if I can.

## Information

Membership on City advisory boards, committees and commissions are open to all interested citizens subject to the qualifications determined by each individual committee, board and commission as necessary for the conduct of its business. There shall be no discrimination of applicants based on race, color, religion, sex, age, national origin, physical or mental disability, marital status, family status, status as a Vietnam-era or special disabled veteran, or membership in any other group protected by law in accordance with applicable federal, state and local laws. The City of Oregon City encourages participation in its affairs by all people, especially those who are represented in public involvement.

***The information requested herein becomes public record upon submittal. A written request to not disclose certain information may be submitted to the City Recorder’s Office for consideration.***

**Please Agree with the Following Statements**

---

**I certify that the information contained in this application is correct to the best of my knowledge. I understand that to falsify information is grounds for refusing to appoint me, or for removal should I be appointed. I authorize any person, organization or company listed on this application to furnish you any and all information concerning my employment, education and qualifications for appointment. I also authorize you to request and receive such information. In consideration for my appointment, I agree to abide by Federal and State law along with the rules and regulations of the City.**

AGREEING ALL THE INFORMATION PROVIDED  
WITHIN THIS APPLICATION IS TRUE.

## Curriculum Vitae

**LARRY N. OSBORNE, Ph.D.**

- Ph.D. (1983) University of Pittsburgh, Pittsburgh, PA. Dissertation topic: *Predictors of Satisfaction with Computerized Circulation Systems.*
- M.L.S. (1971) University of Pittsburgh, Pittsburgh, PA.
- BS (1970) Juniata College, Huntingdon, PA.

### EXPERIENCE

- 2010-2013 Provost, Chaminade University. Responsible directly under the President for academic activities of the University. A dual appointment with the position below for the first year.
- 2001-2011 Dean of Information Services and the Library, Chaminade University. Responsible for all network operations, academic computing, administrative computing, and the University library.
- 1995-1998 Interim Dean, School of Library and Information Science, University of Hawaii.
- 1983-2001 Associate Professor and Program Chair, Library and Information Science Program, Information and Computer Sciences Department, University of Hawaii at Manoa. Taught courses in Technical Services, Systems Analysis, Expert Systems, Java, Library Automation, Research Methods, etc. Responsible for academic computing and network facilities for the program.
- 1982-1983 Teaching Fellow, University of Pittsburgh. Taught courses in Information Storage and Retrieval at both the main and external campuses.
- 1980-1982 Cataloger, Grace Library, Carlow College. Cataloged, or supervised the cataloging of, all materials using OCLC (Online Computer Library Center) and Library of Congress Classification. Planned and implemented a locally developed online circulation system. Also planned and supervised the college's retrospective conversion project.
- 1975-1980 Director, Clearfield County Public Library Federation. Managed a county library system with three branches and two mobile libraries in the Appalachian region of Central Pennsylvania. Responsible for all aspects of library operations including planning, budgeting, book selection and

personnel. Negotiated membership terms with independent area libraries. Automated catalog using Inventory software.

- 1974-1975 Serials Cataloging Librarian and Assistant Professor, Idaho State University. Completely responsible for all serial items; also performed some monographic cataloging, especially of foreign language and non-print materials. Planned and implemented a general revision of all serials procedures, which included a continuing inventory and automated authority file.
- 1971-1974 Cataloger and Assistant Professor, Idaho State University. Planned and supervised the recataloging of all serial items from Dewey Decimal to Library of Congress scheme. Instructed staff in data acquisition techniques. Planned and implemented a general revision of work-flow in the department, simplifying physical handling of materials and files, thus significantly increasing production.
