

## L 17-04 Code Amendments

### Narrative and Code Responses

#### **Proposed Project**

Staff has proposed a variety of minor amendments to the Oregon City Municipal Code. Although a majority of the amendments provide clarity, improve processes, or remove code conflicts, the more substantial changes include:

1. Amending language for lot averaging
2. Removing the ability to reconsider a final decision
3. Clarify how dates are calculated
4. Remove light bulb requirements
5. Allow 10% parking reduction adjacent to transit routes

The complete drafted code amendments can be found in the attached Exhibits.

##### ***STATEWIDE PLANNING GOAL 1 – CITIZEN INVOLVEMENT***

*To develop a citizen involvement program that insures the opportunity for citizens to be involved in all phases of the planning process.*

##### ***OCCP Goal 1.1 Citizen Involvement Program***

*OCCP Policy 1.1.1*

*Utilize neighborhood associations as the vehicle for neighborhood-based input to meet the requirements of the Land Conservation and Development Commission (LCDC) Statewide Planning Goal 1, Citizen Involvement. The Citizen Involvement Committee (CIC) shall serve as the officially recognized citizen committee needed to meet LCDC Statewide Planning Goal 1.*

**Response:** The proposed code amendments to Lot Averaging were first identified by citizens whom came before the City Commission. The City Commission met to discuss this topic multiple times before providing direction to staff regarding these changes. The other proposed amendments were identified by staff as corrections and clarifications, and changes to processes to eliminate areas of conflict.

The amendments will be presented to the Citizen Involvement Committee as well as in a work session with the Planning Commission prior to the first public hearing. In addition, the application will be posted on the City website, emailed to various entities including neighborhood associations and the Citizen Involvement Committee, and posted in a general circulation newspaper.

**STATEWIDE PLANNING GOAL 2 – LAND USE PLANNING**

*To establish a land use planning process and policy framework as a basis for all decision and actions related to use of land and to assure an adequate factual base for such decisions and actions.*

*OCCP Goal 2.1 Efficient Use of Land*

*Ensure that property planned for residential, commercial, office, and industrial uses is used efficiently and that land is developed following principles of sustainable development.*

**Response:** The proposed code amendments include clarifications that give applicants more certainty and clarity about city codes. Limiting the ability for lot size averaging in subdivisions may reduce the ability to use land as efficiently as was previously permitted.

*OCCP Goal 2.4 Neighborhood Livability*

*Provide a sense of place and identity for residents and visitors by protecting and maintaining neighborhoods as the basic unit of community life in Oregon City while implementing the goals and policies of the other sections of the Comprehensive Plan.*

**Response:** The proposed code amendments include limits to lot averaging for subdivisions, which will lead to more uniform lot sizes within subdivisions.

**STATEWIDE PLANNING GOAL 3: AGRICULTURAL LANDS**

**Response:** The proposed amendments would not preclude the use of agricultural lands.

**STATEWIDE PLANNING GOAL 4: FOREST LANDS**

**Response:** The proposed amendments would not preclude the use of forest lands.

**STATEWIDE PLANNING GOAL 5: NATURAL RESOURCES, SCENIC AND HISTORIC AREAS, AND OPEN SPACES**  
Statewide Planning Goal 5 requires that open spaces and natural, scenic, and historic resources be protected.

*OCCP Goal 5.3 Historic Resources*

*Encourage the preservation and rehabilitation of homes and other buildings of historic or architectural significance in Oregon City.*

**Response:** The proposed amendments would not preclude the preservation and rehabilitation of homes and other buildings of historic or architectural significance in Oregon City.

*Goal 5.4 Natural Resources*

*Identify and seek strategies to conserve and restore Oregon City's natural resources, including air, surface and subsurface water, geologic features, soils, vegetation, and fish and wildlife, in order to sustain quality of life for current and future citizens and visitors, and the long-term viability of the ecological systems.*

**Response:** The proposed amendments include an amendment to exemptions in the Natural Resources Overlay Zone, clarifying that fences within the NROD are exempt from review. The impact of fence posts is not significant and is similar to other activities that are exempt.

**STATEWIDE PLANNING GOAL 6: AREAS SUBJECT TO NATURAL HAZARDS**

*To protect people and property from natural hazards.*

**Response:** The overlay districts, such as the Natural Resource Overlay District, Flood Management Overlay, and Geologic Hazards Overlay will apply regardless of the proposed changes.

**STATEWIDE PLANNING GOAL 7: AREAS SUBJECT TO NATURAL HAZARDS**

*To protect people and property from natural hazards.*

*OCCP Goal 7.1 Natural Hazards*

*Protect life and reduce property loss from the destruction associated with natural hazards*

**Response:** The proposed amendments will not affect natural hazards overlay districts. The overlay districts, such as the Flood Management Overlay, and Geologic Hazards Overlay will apply regardless of the proposed changes.

**STATEWIDE PLANNING GOAL 8: RECREATIONAL NEEDS**

*To satisfy the recreational needs of the citizens of the state and visitors and, where appropriate, to provide for the siting of necessary recreational facilities including destination resorts.*

**Response:** The proposed amendments do not impact parks and recreation.

**STATEWIDE GOAL 9: ECONOMIC DEVELOPMENT**

*To provide adequate opportunities throughout the state for a variety of economic activities vital to the health, welfare, and prosperity of Oregon's citizens.*

*OCCP Policy 9.2.1*

Seek input from local businesses when making decisions that will have a significant economic impact on them.

**Response:** The proposal will be sent to the Chamber of Commerce, Oregon City Business Alliance, as well as the Development Stakeholder Group for comments.

#### *OCCP Policy 9.2.2*

Carefully consider the economic impacts of proposed programs and regulations in the process of implementing the City's Comprehensive Plan.

#### *OCCP Policy 9.2.3*

Simplify, streamline, and continuously improve the permitting and development review process.

**Response:** The proposal includes clarifications that will provide greater levels of certainty for developers of property. The amendments also streamline some aspects of the development review process.

### *STATEWIDE PLANNING GOAL 10: HOUSING*

*To provide for the housing needs of citizens of the state.*

#### *OCCP Policy 10.1.4*

*Aim to reduce the isolation of income groups within communities by encouraging diversity in housing types within neighborhoods consistent with the Clackamas County Consolidated Plan, while ensuring that needed affordable housing is provided.*

#### *OCCP Policy 10.1.7*

*Use a combination of incentives and development standards to promote and encourage well-designed single-family subdivisions and multi-family developments that result in neighborhood livability and stability.*

#### *OCCP Goal 10.1 Diverse Housing Opportunities*

*Provide for the planning, development and preservation of a variety of housing types and lot sizes.*

**Response:** The proposed code amendments limit lot averaging in subdivisions. This could have an impact on diversity of housing and limit the variety of housing types and sizes. The lot averaging provisions apply to new subdivisions within the R-10, R-8, R-6, R-5 and R-3.5 zones. Currently, lot sizes are permitted to vary and be less than the minimum zone average by 20%. The amendments would limit the size reduction to 10% and only allow a quarter of all lots in any one subdivision to be below the minimum. While this would provide uniformity, it also could lead to reductions in the total number of lots that are created due to constraints of subdivision layouts.

### *STATEWIDE PLANNING GOAL 11: PUBLIC FACILITIES AND SERVICES*

*To plan and develop a timely, orderly and efficient arrangement of public facilities and services to serve as a framework for urban and rural development.*

**Response:** The proposed amendments have no impact on public facilities.

### *STATEWIDE PLANNING GOAL 12: TRANSPORTATION*

*To provide and encourage a safe, convenient and economic transportation system.*

**Response:** The proposed amendments have no impact on transportation.

**B. That public facilities and services (water, sewer, storm drainage, transportation, schools, police and fire protection) are presently capable of supporting the uses allowed by the zone, or can be made available prior to issuing a certificate of occupancy. Service shall be sufficient to support the range of uses and development allowed by the zone.**

**Response:** The proposal does not change uses allowed in any zoning districts.

**C. The land uses authorized by the proposal are consistent with the existing or planned function, capacity and level of service of the transportation system serving the proposed zoning district.**

**Response:** No land use changes are proposed.

**D. Statewide planning goals shall be addressed if the comprehensive plan does not contain specific policies or provisions which control the amendment.**

**Response: See responses above.** The Oregon City Comprehensive Plan addresses the Statewide Planning Goals, as shown above under the findings for Criterion A.
