

**NRC Mission Statement:** In concert with the City, the committee shall advise, evaluate, and advance an agenda that empowers citizen, business and governmental stakeholders to become natural resource stewards who achieve a beneficial balance among people and natural systems now and in the future.

**NRC Bylaws Article IV: Responsibilities:**

- 1. Promote community involvement in conservation of natural resources within the City and its Urban Growth Boundary (UGB) in partnership with the City, neighborhood associations, and community organizations.
- 2. Initiate recommendations and review updates to the City’s comprehensive plan, codes and policy as they relate to statewide Planning Goals that are integral to our mission.
- 3. Receive notice of and comment on land use applications and City activities that have the potential to impact natural resources in the City and its Urban Growth Boundary.
- 4. Conduct orderly meetings that result in good communication to city staff, policy makers, city departments and community to achieve our mission.
- 5. Coordinate with the Parks and Recreation Advisory Committee (PRAC) and Planning and City Commissions on at least an annual basis that results in good communication and mutually beneficial results.

**City Commission Vision:** Embrace and advance Oregon City’s historic role as a regional leader.  
**City Commission Mission:** Build a healthy community that leads the state in safety, economic opportunity, livability, and historic significance.  
**City Commission Goals:**

- 1. Maintain an Environment for Successful Economic Development
- 2. Address Critical Facility Needs
- 3. Enhance the Livability of the Community
- 4. Seek Opportunities to Maintain Communications with Citizens and Facilitate Citizen Participation
- 5. Maintain Fiscal Health and Long Term Stability

City Commission Goal	Applicable NRC Responsibility (From NRC Bylaws)	Activities	City Lead / NRC Lead	Timeline	What needs to happen to accomplish this activity?
<b>Goal 1.</b> Cultivate an Environment for Successful Economic Development  <i>Cove Project and Former Landfill</i>  <b>Willamette Falls Legacy Project</b>  <i>Railroad Quiet Zone</i>  <i>Beavercreek Industrial Lands</i>  <i>Incentive Programs</i>  <b>Enhance Tourism</b>	<b>NRC Responsibility #1: Promote Community Involvement in Natural Resources Conservation</b>	Stream and Trail Interpretive Signage could enhance tourism:  Develop signage for improved public awareness of natural resources (e.g. streams and trees, development sites, heritage sites, Park sites (e.g. Beavercreek Rd to Hillendale), walking trails).
