RE: SHPO Case No. 18-1398

City of Oregon City, PA 18-31, 2 Lot Minor Partition and Parking Lot (Tax Lot 07300)
Lot split and parking lot construction
202 Molalla Ave (2S 2E 32CB), Oregon City, Clackamas County

Dear Mr. Callava:

Our office recently received a request to review your application for the project referenced above. In checking our statewide archaeological database, it appears that there have been no previous surveys completed near the proposed project area. However, the project area lies within an area generally perceived to have the potential for possessing archaeological sites and/or buried human remains.

In the absence of sufficient knowledge to predict the location of cultural resources within the project area, caution is recommended during project related ground disturbing activities. Under state law (ORS 358.905 and ORS 97.74) archaeological sites, objects and human remains are protected on both state public and private lands in Oregon. If archaeological objects or sites are discovered during construction, all activities should cease immediately until a professional archaeologist can evaluate the discovery.

If you have not already done so, be sure to consult with all appropriate Indian tribes regarding your proposed project. If the project has a federal nexus (i.e., federal funding, permitting, or oversight) please coordinate with the appropriate lead federal agency representative regarding compliance with Section 106 of the National Historic Preservation Act (NHPA). If you have any questions about the above comments or would like additional information, please feel free to contact our office at your convenience. In order to help us track your project accurately, please reference the SHPO case number above in all correspondence.

Sincerely,

Jamie French, M.A.
