

Notes on Proposed Code Amendment Direction

Name: City Commission Direction on 4.3.19

This worksheet is intended to be a guide for the City Commission to use as a reference during the April 3rd and April 17th City Commission hearings. The intent of the hearings is to provide final direction to staff on the outstanding issues from the November 26, 2018 draft amendments. As the City Commission reviewed the amendments, issues of larger debate before the Planning Commission or those which required additional discussion were pulled aside to determine if the draft language should be amended further. Any notes should be submitted to staff to be entered into the record. Please reference the applicable sections of the Oregon City Municipal Code (identified in *italics*), "Items for City Commission Direction", and public comments.
