How long have you lived in Oregon City?

3 years

Work Experience

Northwest Pipe Company

Employer

Quality Manager

Job Title

How long have you worked for this company?

2 years

Work Address and Phone NumberPortland OR 97203

Work Experience

My experience in compliance has often meant solving complex problems within a budgetary constraint of "what can we do now, for free?" I have experience working with teams of various sizes and compatibility and am able to remain goal-focused in distracting environments.

Education

Please list out any High School, Secondary Education, Trainings, and Colleges, along with years completed.

Sanford High School and Sanford Regional Vocational Center - Sanford, ME - 4 years University of Maine at Farmington - Farmington, ME - 4 years

Degrees

High school diploma, Bachelor of Arts

Certifications

Various industry certs, ISO 9001, Oregon liquor server's permit, notary public

Community Involvement

Describe volunteer activity within this or other communities

NA

Do you presently serve on a City board or committee?

☐ Yes ☒ No

If yes, which board or committee?

Interest Statement

Explain your interest in this board/committee and why you think its issues are important

I grew up going to the library multiple times per week and always loved going there and seeing what is new. I have been a voracious reader my whole life but stopped going to the library as much with the advent of online shopping and Kindle. My first child was born in January and my love for the library has been renewed with vigor once again. My family goes to the library multiple times per month and we are looking forward to our child being old enough to enjoy more of the activities hosted at the library. I would like to join the board to assist with whatever the team needs help with, and to spread the word about the library's offerings within the community.

List any relevant experiences, skills, or interests that have helped to prepare you for a position on this board or committee

I was class vice-president in High School, a rock band frontman for 10+ years, and I feel comfortable speaking in public in support of something important like the library. In my career as a manufacturing compliance professional, I am often in a position where I need to disagree with people in a way that is polite, professional, and produces a beneficial result. This experience can be useful in situations other than the conference room.
