IEST: The applicant desires to provide the property with city services due to the failing septic system on the property. Annexation is required as a condition of connecting to the city sewer system. This proposal does not include a request for development approval, rezoning or change in use. The decision on annexation to the City does not authorize or prevent any specific use of land. Current county zoning and planning designations will remain on the property until the Applicant takes action to rezone the property.
