**Work Experience**

I have 30 years of experience managing a small to medium sized manufacturing facility. This experience helps me to understand what kind of updates a businesses building can need. After managing a business for this many years I have been involved in all aspects of building construction ie: planning, permitting, building, plumbing, hvac, electrical, site prep, landscaping etc. This experience will be useful when I see a project I can understand the scope of work and financial needs.

Fences for Fido Building fences for needy dogs and financially constrained folks. Mountain Bike trail building in Hood River Oregon. Handyman work for older people in my neighborhood

Do you presently serve on a City board or committee?

☒ Yes ☐ No

If yes, which board or committee?

I serve on the Planning Commission which I enjoy tremendously!

Interest Statement

Explain your interest in this board/committee and why you think its issues are important

I really like the areas that the UR focuses on DT Main street is one of our favorite places of town with so many fun places to visit. Its a major focal point of the tourism in our town...but its old and not all the property owners can afford to keep up their buildings. Fixing up the area by helping the property owners makes the city look good and that's good for the city.

List any relevant experiences, skills, or interests that have helped to prepare you for a position on this board or committee

Again managing and maintaining a business housed in a 70 year old building helps me understand the needs of property owners in OC Serving on the Planning Commission helps me understand how the city works I also follow as much city business as I can such as watching city meetings on youtube to further my knowledge.

Additional information

I really enjoy working with all the great people in OC. I am very level headed and unbiased. I make decisions based on facts rather than feelings. But I do have a heart. Thank you for the consideration.
