

Citizen Comments Submitted for the Record, May 20, 2020

Agenda Item 6a. 5/20/2020 at 7:57 AM – Karen Blaha

Apparently, the City Commission has the NROD issue that affects my property on its agenda tonight. I was unaware that it had been changed from the June 3rd meeting until Linda Baysinger called me. Given short notice, I'm not planning on offering additional comments, but if the Commission has questions for me, I can be reached on my cell at 503-989-8905. While I would much prefer the Planning Commission's recommendation, I would reluctantly accept the newly proposed 10' option.

Much thanks,

Karen

Supporting making Public Works Upper Yard a part of Lower Waterboard park for many reasons and has suggestions for using the area as valuable parking for the park, a staging area, a community garden maintained by volunteers, natural growing area for plants to replace the ivy, and much more.
