There was discussion regarding the funding, creation of an advisory committee, hiring a new full-time position, need for coordination of assets, and getting beyond the planning phase to make progress.

Lance Kagey, with Rotator Creative, discussed an idea for a field guide that could be picked up at the elevator and people could go to various locations in the City to get stamps in their field guide for a prize.

Staff would bring back the draft Tourism Strategic Plan with changes to the next Commission meeting.

3b. Oregon City Management Salary Study and Proposed Compensation Adjustments

Tony Konkol, City Manager, discussed the salary study recently completed including the objectives, methodology, and findings of the study. He also discussed the salary

There was discussion regarding salary, benefits, and deferred compensation comparisons with other jurisdictions and the impacts to the budget.

There was consensus for staff to bring back a resolution supporting these changes.

4. City Manager's Report

Mr. Konkol reported on the City's historic position regarding Tri-City's rate differential, which was that the fee should be applied to the whole district not just to Oregon City residents. He asked if that was still the City's position.

There was consensus that the City's position had not changed.

Mr. Konkol proposed adding an agenda item to work sessions for the Commission to give committee updates.

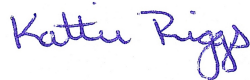

There was consensus to add the agenda item.
