Review of Oregon Library Association Public Library Standards

RECOMMENDED ACTION (Motion):

Discussion

BACKGROUND:

The Oregon Library Association (OLA) has established standards for Oregon's public libraries. Each library is requested to look at these annually to help establish priorities and direction for funding and resources. This year, the Public Library Division of OLA added an ethics standard. This is based on standards from the American Library Association. Attached are the current Standards, OCPL's summary report from 2014, tOCPL's summary report from this year and the detailed checklist for 2015 which helps create the summary.
