Resolution No. 16-24, Amending ByLaws for the Transportation Advisory Committee

**RECOMMENDED ACTION (Motion):**

Approve Resolution No. 16-24 amending ByLaws for the Transportation Advisory Committee and authorize the Mayor and City Recorder to execute it.

**BACKGROUND:**

The Transportation Advisory Committee (TAC) was established on February 7, 1996 through the adoption of Resolution No. 96-3. The purpose of the TAC was to provide advice to the Planning Commission, City Commission and Urban Renewal Agency on the Development of a City Transportation System Plan and other transportation and land use matters relevant to Oregon City. The purpose of the TAC was further clarified through the adoption of Resolutions 99-40 and 02-04.

In 2009, TAC members determined that the creation of bylaws would help to better outline the purpose and procedures of the TAC. As a result, a subcommittee was formed to develop the bylaws which were forwarded to the City Commission by a unanimous vote of the TAC, and the bylaws were adopted through Resolution 09-27 on November 4, 2009. On June 19, 2013, the bylaws were expanded to allow one TAC member that resides or works outside of the city limits but within the 97045 and 97004 zip codes through resolution No. 13-20.

Following several discussions, the TAC came to the conclusion that it would be appropriate for the chair and vice-chair to hold two-year terms and aligning themselves with the same Officer term length as the Citizen Involvement Committee. As the Committee typically meets 10 meetings per year, the addition of one year to the officer term will also help provide some consistency and stability to programs and projects that often span multiple years.
