2020 Census Update by Sarah Bushore, Partnership Specialist Under the US Census Bureau

RECOMMENDED ACTION (Motion):

This is just a presentation and time to answer any questions from the Commission.

BACKGROUND:

Sarah Bushore is a Partnership Specialist with the 2020 Census under the US Census Bureau. Northern Oregon is Sarah's territory and her role is to reach out to all elected, appointed and trusted officials to coordinate and communicate timelines, expectations and information about the upcoming 2020 Census. There are many changes this year in what will be conducted. Just as an example, in 2020 the focus is on self-reporting via the internet, telephone and when requested, with a mail back form. Sarah will provide a presentation and allow time to answer any questions from the Commission.
